

# TOWNSHIP TIMES

News and Information for Residents of West Donegal

*Lancaster County, Pennsylvania*

Website: [www.wdtp.com](http://www.wdtp.com)

FALL/WINTER 2019

## SHREDDING EVENT SATURDAY, SEPTEMBER 14

West Donegal Township and Mount Joy Township will be hosting a shredding event on Saturday, September 14th from 8 a.m. to 12 p.m. at the Mount Joy Township municipal building located at 8853 Elizabethtown Road, Elizabethtown.

This event will be free of charge to all residents/businesses that reside or are located within these two townships. Residency identification will be required. We will be limiting the amount of shredding to a maximum of three banker boxes or large 32-gallon bags of paper per property. The shredder can handle staples, paper clips, and rubber bands as well as manila folders and color paper. However, please remove all plastic binders or large binder clips. Boxes or bags containing any materials that cannot be shredded will not be accepted.

Shredding services and equipment will be provided by Tri-State Shredding, who is AAA NAID certified. You can watch while your paper is shredded by bonded personnel and equipment. All

shredded paper is then taken for proper and green disposal and the Township is provided with a Certificate of Destruction.

There is no charge to dispose of the shredded paper at this event. To help others within our community, we are asking those participating in this event for donations of canned goods and non-perishable boxed items. Please be generous as these donations will be given to a local food bank. Their greatest needs include: canned meats, juice, canned/boxed pasta, jams/jellies, cereals, pancake mixes and syrup, and paper products. Baby food and formula will also be accepted. Please no perishable items. Donations should be non-expired, non-breakable, and all items should be in unopened containers. Glass, frozen food, fresh produce/meats or home-made food will not be accepted. We ask for your continued generosity with donated items as it is truly appreciated by those in need in our community.

## Congratulations Bethany!

Bethany Spitler joined the West Donegal Township team in February 2019 as the Zoning Administrative Assistant. Following her 6-month probationary period, the Board of Supervisors promoted Bethany to Assistant Zoning/Code Enforcement Officer. Wayne will continue to mentor her until his retirement. Congratulations, Bethany!

*Congratulations!*

## New Solid Waste and Recycling Contract

West Donegal Township is in the beginning stage of bidding a new 3-year contract to collect municipal waste and designated recyclable materials. More details will be posted to our website [www.wdtp.com](http://www.wdtp.com), in the Township office, through our email blast list (call the Township office to see how you can be added), and in other ways once a contract has been finalized.

All multi-family units and non-residential units, i.e. commercial, industrial, institutional establishments, community activities, and farms are required to participate in trash collection and recycling or to utilize a licensed hauler. All properties are required to source separate recyclable materials designated by the Township's Solid Waste Ordinance and in accordance with the Lancaster County Solid Waste Management Authority (LCSWMA) and the state and federal regulations. This requires the separation and collection of leaves as a recyclable resource. Kraft Bags for yard waste and leaves are available at the Township office for these recyclable materials which are picked up curbside every other week through the beginning of December. We ask that each property owner utilize them. We remind you that according to state and federal regulations, the burning of any recyclable materials are prohibited.

If you have any questions or concerns, please contact the Township office.

**WEST DONEGAL TOWNSHIP**  
One Municipal Drive, Elizabethtown, PA 17022  
Phone (717) 367-7178 • Fax (717) 367-8982  
**OFFICE HOURS** - Monday through Friday  
7:30 a.m. to 4:00 p.m.

# Clip & Save

## White Goods & Tire Curbside Pick Up

Saturday, October 19th

All white goods and tires must be tagged and placed curbside the night before collection. Tags cost \$12.00 per white good and \$3.00 per passenger car or motorcycle tire and must be purchased at the Township office. If you have tires larger than a passenger car or motorcycle tire, contact the Lancaster County Solid Waste Management Authority at 717.397.9968 for disposal of these items.

## Yard/Woody Waste and Leaf Collection

Woody Waste and Yard Waste will be collected every other Tuesday beginning April 9 through December. Yard Waste must be placed in brown biodegradable Kraft bags which are available at the Township office. There will be a charge of 5 bags for \$1.00 and 10 bags for \$2.00. We ask that you keep the Kraft bags protected from the weather elements until the day they are placed curbside. The Kraft bags should be placed curbside the night before collection with your regular trash but will be collected by a separate recycling truck. Any yard waste placed in plastic bags during this time will not be collected. Woody Waste should be bundled with biodegradable twine. Branches should be no longer than 4' in length and not more than 6" in diameter.

**Reminder: Grass clippings are NOT recyclable! They should be mulched or placed in trash bags for disposal (3 trash-bag limit still applies. Extra bags would need a neon yellow tag). Also disposing of fruit or vegetables from a garden is NOT considered yard waste (it is food).**

Remaining Yard/Woody Waste and Leaf collection days are:  
September 10, 11, 24, 25    November 5, 6, 19, 20  
October 8, 9, 22, 23        December 3, 4

Yard Waste and Leaves after December 4<sup>th</sup> can be placed in black garbage bags and placed curbside with your trash. However, the 3-bag limit applies. Therefore, more than 3 bags of trash would require a neon yellow extra trash bag tag on each bag.

## Holiday Trash Schedule

To be determined by new contract.  
Township will post on website, Facebook, and email blast.

## Reminder:

All trash/recycling must be curbside no later than **5 am** the day of pick up. Trash must be in 32-gallon trash bags or cans that weigh less than 30 lbs. Please be sure **all trash is bagged even if the bags are in trash cans** and actual trash cans are used (no barrels or other containers). All ashes, i.e. coal and wood, must also be bagged.

Recycling right  
doesn't have to be hard.

JUST FOCUS ON THE **BIG 4!** PLACE **ONLY** THESE ITEMS IN YOUR BIN.

Flattened

Emptied, Rinsed, & Lids Removed

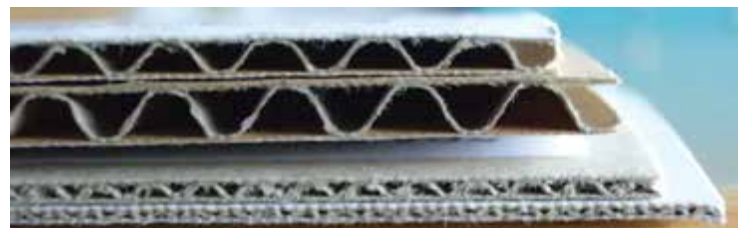

## The Big 4

Remember we are participating, county-wide, with LCSWMA & recycling only the Big 4 which include:

### Corrugated Boxes

- Only corrugated boxes.

Flatten them & place in them in the recycling bin. If they do not fit into the recycling bin we ask that you bring them to the township and put them in the roll off cardboard dumpster to the right of the building along the edge of the grass on the left hand side of the parking lot. Open 24/7 except for an hour or so on a Monday when it is taken to be emptied.

This does **NOT** include boxes containing sodas or cereal type boxes which are paperboard not corrugated cardboard.

### Metal:

- Aluminum beverage cans
- Steel food & beverage cans, aerosol cans

**Glass:**

- Clear and colored glass jars and bottles

**Plastic:**

- Plastic bottles and jars and jugs with a neck. Only plastics with a neck are still recyclable. Please do **NOT** recycle other items such as clam shells, plastic containers, other recyclables even if they have a recyclable #1 - #7 on them.

**Note:** Empty, rinse, and remove lids on all metal, plastic and glass recyclable items.

**All other items**, such as those below, **do not** belong in your recycling bin.

It's okay to throw **everything else** away. It will be turned into energy.

Lancaster County has an advanced waste-to-energy process that converts these materials into renewable energy, powering local homes and businesses and helping to reduce our reliance on non-renewable sources of energy. So, when in doubt, throw it out.

Visit [recyclerrightlancaster.org](http://recyclerrightlancaster.org) for more tips.

It's okay to throw everything else away. Lancaster County's advanced waste-to-energy facility converts all materials into renewable energy in the form of electricity. If you place items that are no longer recyclable into curbside recycling bins you are negatively impacting the recycling program. It may take effort on each other's part; however, train yourself that "when in doubt, throw it out". For more information, go to [www.recyclerrightlancaster.org](http://www.recyclerrightlancaster.org) or [www.lcswma.org](http://www.lcswma.org). To learn more on where to go to recycling other items go to [www.earth911.com](http://www.earth911.com).

**Important:** If your trash, recycling or Kraft bags are missed, call the Township office as soon as you know you have been missed, at the latest before 10 a.m. the next business day or preferably leave a message on Wendy's voice mail after 4 p.m. the day of trash pick-up. When you leave a message regarding a missed stop, be sure to include your name, address, and phone number where we can reach you and what was missed.

## Christmas Tree P/U

Christmas tree pick up to be determined based on the new contract for 2020. We will post to the website and via Facebook and our email blast when the date(s) have been confirmed. Please place your tree curbside **the night before** collection. Since the trees will be recycled, they must be free of lights, tinsel, ornaments and bags. And, no artificial trees.

## White Goods/Tire Pick-up

### West Donegal Township's Bi-Annual White Good/Tire Pick-up

**Saturday, October 19**

**White Good Tag \$12.00**

**Passenger or Motorcycle Tire Tag \$ 3.00**

**All items must be tagged and placed curbside the night before collection.**

**Tags are available at the Township office.**

# Trick or Treat

Thursday, October 31, 2019

6 p.m. - 8 p.m.

# Winter Weather

Winter will be here before we are ready. The Road Department is fully staffed, subcontractors in place, ready for ice or snow storms that occur this winter. The following rules and guidelines apply during storm events.

- \* During snow removal operations the removal of vehicles from streets and cul-de-sacs allow safety for employees and less items to avoid during the clearing operation.
- \* During snow removal operations, it is unlawful to deposit snow or ice on Township roads/streets, whether or not such road/street has been plowed. Large piles of snow from driveways and sidewalks hinder snow plowing operations.
- \* As winter approaches, please remove trailers, campers, boats, unregistered vehicles and basketball hoops and poles that are currently on Township roads/streets. The reduction of hazards on the streets should be the goal of all residents.
- \* Removal of snow and ice from sidewalks shall occur within 24 hours after a storm ends. A path shall be cleared at least 30 inches in width. In the event that the snow and/or ice on a sidewalk becomes so hard that it cannot be removed without damage to the sidewalk sand or other abrasive material shall be placed to make travel reasonably safe as soon as weather permits. The Township will continue to enforce this regulation. Any violation will involve a fine of not less than \$50 nor more than \$1,000 and will include the costs of prosecution. These fines will be accrued **per day**.
- \* Should the Township or State close a road based on weather conditions, we ask that all motorists follow and obey whatever we are asking you to do. The signs were put there because in this portion of the roadway there is a safety issue and we need to keep motorists off the road. If you see a road closed sign, please do **NOT** remove the sign or go around it. Find a safer route to get wherever you are going. It may be an inconvenience for you, but think safety - keep you, your family and other motorists and roadway workers safe.

The Road Department would like to remind residents that the Township roads are plowed in the following order:

1. Main Roadways (Snow Emergency Routes)
2. Secondary Roadways
3. Developments
4. Cul-de-sacs

If you have any issues/questions regarding snow removal on Township roads call the Township office at (717) 367-7178.

PennDOT is responsible for plowing the State maintained roads. If you have any issues regarding winter weather conditions or operations on these roads, contact PennDOT at (717) 299-7621 with any problems or concerns. The following roads are maintained by PennDOT:

- \* Anchor Road
- \* Bainbridge Road (Route 241)
- \* Maytown Road (Route 743)
- \* Harrisburg Avenue
- \* Turnpike Road
- \* Market Street (North & South) (Route 230)

What happens if a plow or truck damages my mailbox while plowing the roadways? If your mailbox is damaged by a Township plow or truck, contact the Township office. Your request will be reviewed by management. Do keep in mind that the Township is not responsible for any mailboxes damaged by snow flying off the plow.

We appreciate your continued cooperation in helping us keep everyone safe during our winter weather operations.

## Trimming Trees

Trees and bushes are wonderful additions to any property, but it is important that they don't become safety hazards to vehicles and pedestrians. To help keep sidewalks and roadways safe, please follow the specifics listed below when trimming trees and bushes on your property.

- There must be at least **14 feet** of clear space between the lowest branches of the tree and the surface of the **street**.
- There must be at least **8 feet** of clear space between the lowest branches of the tree and the surface of the **sidewalk**.
- No tree or bush may encroach the sidewalk or street and block travel. All branches must be trimmed back beyond the edge of the sidewalk or street.

## Mandatory On-Lot Septic Pumping

While part of the Act 537 Plan approval by DEP, the pumping and inspection of an on-lot disposal system on a regular basis will also help extend the life of the system. Property owners in Pumping District No. 3, the area south of Stonemill Drive, Maytown Road, and Foreman Road, must comply with the regulations regarding on-lot pumping and inspection by June 30, 2020. A letter and the required form were mailed to each property owner. If you believe we missed your property or you require a form, please contact the Township.

# West Donegal Township Past to Present Part 13 – The Story of Rheems *(the story continues)*

*(An ongoing saga of West Donegal Township by Mary Conrad)*

Benjamin Hershey Greider was born December 16, 1869, in Silver Springs, PA. He fell in love with Alida Wealand of Colebrook Road, Rheems. Ben moved to Rheems and married his sweetheart in May, 1891.

In 1892, Ben opened the B.H. Greider poultry farm with his father-in-law. The first few years there saw little growth in the business due to lack of experience. By paying strict attention to all details of the business; by being careful, industrious, and practical; and by giving exclusive time and attention to the poultry business, he attained success. In 1903, he expanded the business and built a home known as the Greider mansion which still stands at 122 E. Harrisburg Avenue.

By 1912, his *Catalog of Pure Bred Poultry* offered at least 13 different breeds of poultry as well as eggs, incubators, brooders, germicide, and other poultry supplies. These supplies were shipped all over the world from the Rheems Railroad Station.

As the Greider Poultry business was growing, Ben decided to develop land just as Winfield Heisey was doing. Ben and Alida had three daughters, Elizabeth, Martha, and Alida. As Ben

developed land, he named one street Greider and three streets after the daughters he loved.

Ben Greider and Winfield Heisey were competitive businessmen. Heisey developed Rheems from Lime Street (Lime refers to the limestone quarry developed by Winfield Heisey) toward the quarry and Greider developed land from Lime Street toward Colebrook Road. The dividing line was Lime Street.

As the small village of Rheems grew, Ben realized the importance of fire protection. Ben and other prominent men of their time began the local fire company.

After returning from a 3-month tour of Europe, Ben died unexpectedly at age 52 (1922). It is said that 1,000 people attended his funeral at the Elizabethtown Mennonite Church. He was laid to rest at Mount Tunnel Cemetery. Alida continued the business until it fell victim to “The Crash” in 1929.

Remember to check out the previous editions of the history of West Donegal Township found on the Township’s website [www.wdtp.com](http://www.wdtp.com). The spring/summer 2019 edition contains Chapter 12 which is the story of Winfield Heisey.

## Municipal Primary Election

- October 7: This is the last day to register to vote before the Municipal Primary Election. Voter registration forms must be received the County Voter Registration Office by this date. Call (717) 299-8293 for more information.
- October 29: Absentee ballots picked up or mailed to requested individuals.
- November 1: All absentee ballots must be received by the County Board of Elections no later than 5:00 p.m. this day.
- November 5: Municipal Election —polls are open continuously between 7:00 a.m. and 8:00 p.m.

The 4 polling places located in West Donegal Township are as follows:

- 1-D Rheems Fire Department  
350 Anchor Road
- 2-D West Donegal Township  
Municipal Office  
One Municipal Drive
- 3-D Masonic Village  
Freemason Cultural Center
- 4-D Lifegate/Cedar Hill  
Community Church  
5636 Bossler Road

Your voter registration card should have one of the above codes (ex. 1-D, 2-D, 3-D or 4-D) after West Donegal Township’s name to designate the polling facility where you go to vote. If you are a registered voter and unsure of which polling facility to vote at, please contact the Voter Registration Office at (717) 299-8293.

# PENNSYLVANIA'S SCHOOL BUS STOPPING LAW

## Keeping Children Safe

### PENNSYLVANIA'S SCHOOL BUS STOPPING LAW

- ◆ When you meet or overtake a stopped school bus with red signal lights flashing and stop arm extended, you **MUST STOP**.
- ◆ When you approach an intersection where a school bus is stopped with red signal lights flashing and stop arm extended, you **MUST STOP**.
- ◆ You **MUST STOP** at least ten (10) feet away from the school bus.
- ◆ You **MUST WAIT** until the red lights have stopped flashing and the stop arm has been withdrawn before moving.
- ◆ **DO NOT MOVE** until all the children have reached a place of safety.

### KNOW YOUR RESPONSIBILITIES

- ◆ 1.5 million children are transported on Pennsylvania roads each day.
- ◆ These children are transported approximately 400 million miles to school each year.
- ◆ Every year, children are needlessly injured or killed by drivers passing stopped school buses.

### PENALTIES

If you are convicted of violating Pennsylvania's School Bus Stopping Law, you will receive all of the following penalties:

- ◆ 60-Day Driver's License Suspension
- ◆ Five (5) points on your driving record
- ◆ \$250 Fine

Annually, more than 700 drivers are convicted for passing a stopped school bus with its red lights flashing.

### SEPARATE ROADWAYS

Drivers may proceed on a highway with clearly defined dividing sections or physical barriers providing separate roadways. This only applies when the school bus is on the opposite side of the road.

### If In Doubt, STOP!

Physical barriers include concrete median barriers, metal median barriers, guide rails, etc.

Clearly indicated dividing sections include trees or shrubs, rocks or boulders, a stream, grass, etc.

You **MUST STOP** on roadways with painted lines.

You **MUST STOP** at an intersection, whether it is or is not marked with a stop sign. All traffic **MUST STOP**.

You **MUST STOP** on roadways with ridged/grooved dividers.

## Our Children's Safety Is In Your Hands.

For more information on Pennsylvania's School Bus Stopping Law, including an animated graphic demonstrating when you must stop, visit [www.penndot.gov/safety](http://www.penndot.gov/safety) and click on "Traffic Safety & Driver Topics" and then "School Bus Safety".

## Rheems Fire Company

(Submitted by: Wendy J. Faust)

The members of the Rheems Fire Department are working on the final details of the 100<sup>th</sup> Centennial Celebration to be held on May 16, 2020 at 3:00 PM. The day's events will include food trucks, live music, fireworks, and our station and apparatus on display. The community is encouraged and invited to celebrate 100 years of serving the Rheems village along with surrounding areas. If you have any history, photos or stories to share, please contact us at the number listed below.

In addition, we are happy to share the following dates for 2019/2020 community events. Autumn Fest will be held Saturday, October 26, 2019 from 4-6pm. The Holiday Fun Fest will be held Friday, December 13, 2019 from 6-8pm and our Annual Easter Egg Hunt will be held April 4, 2020 from 10 am to 12 Noon. We continue to hold Community Blood Drives along with Central Pennsylvania Blood Bank, so keep an eye on our website or Facebook page for future dates and times. You can find out more information about these events on our website at [www.rheemsfire.com](http://www.rheemsfire.com) or you can locate us on Facebook.

Interested in volunteering? In addition to needing firefighters/junior firefighters, there are still needs for assistance in any areas that could include IT, accounting/finance, marketing, legal, community event planning, and more! Contact us at 717-367-1569 for more information!

The Rheems Fire Department is in the Village of Rheems in West Donegal Township, Northwestern Lancaster County. The Rheems Fire Department is 100% volunteer in every capacity.

## Northwest EMS Services

Northwest EMS thanks local residents for their generous donations to purchase an ambulance to replace one with high mileage and maintenance costs.

Some small, all-volunteer ambulance services in Pennsylvania are shutting their doors or offering less than 24-hour coverage. Northwest EMS also is feeling the financial crunch of low insurance and Medicare reimbursement, but it continues to serve residents thanks to donations, government grants, and its annual subscription drive.

You will soon receive a mailing from Northwest EMS for the annual subscription drive. Besides helping this non-profit company, our subscribers receive a discount if they need to use our ambulance service.

An emergency ambulance response costs more than \$1,000, so your savings as a subscriber can be significant. If an insurance company applies the ambulance bill to your deductible and does not reimburse Northwest EMS, the bill will be discounted 50 percent. Therefore, a \$1,000 bill becomes \$500.

This discount is available with a subscription payment of \$75 for a family, \$65 for a couple, or \$50 for a single person. See the mailer for full details.

Besides emergency medical care, Northwest EMS provides community services like CPR, Stop the Bleed, and First Aid classes, Junior Academy for high school students, school visits, presentations to service clubs, and more.

If you have not received a subscription form by December 15, please call 361-8220, ext. 4, and ask for one.

## Have You Heard About Project Lifesaver

The Pilot Club of Lancaster, Inc. has partnered with the West Hempfield Township Police Department to sponsor Project Lifesaver in northwest Lancaster County. The West Hempfield Township Police Department works together with other police departments including Columbia Borough, Elizabethtown Borough, Manheim Borough, Mount Joy Borough, Northwest Regional, Susquehanna Regional, and others.

Project Lifesaver was established in April of 1999 as an initiative of the 43rd Search and Rescue Company of the Chesapeake, Virginia Sheriff's Office. Project Lifesaver's mission is to use state of the art technology in assisting those who care for individuals with Alzheimer's, Dementia, Autism, Developmental Disorders, and other brain-related challenges. There are no boundaries—no one is immune!

The Project Lifesaver program places personalized radio transmitters (watch-like) on the individual who may wander away from the safety of their homes. These transmitters assist local emergency agencies in locating the individual. Local emergency teams respond to calls resulting in an average rescue time of less than 30 minutes. Without Project Lifesaver, the search can take many hours or days at a tremendous cost and may not result in a successful recovery.

Project Lifesaver is staffed and operated 24 hours a day, seven days a week.
